- (a) a certificate of the Attorney-General stating that such evidence came to his knowledge on a specified date shall be conclusive evidence of that fact; and
- (b) a document purporting to be such a certificate and to be signed by the Attorney General shall be presumed to be such a certificate unless the contrary is proved.

6. The Minister may establish such body or bodies, consisting in each case of such members as he may from time to time appoint, and it shall be the duty of any body established under this section to advise the Minister on any question which he may refer to it and on any question on which it considers it should offer its advice in connection with the administration of this Ordinance or otherwise in connection with the importation and exportation of animals and plants of kinds which appear to him or, as the case may be, the body, to be endangered and articles derived wholly or partly from them.
