1. This Act may be cited as the Short title

LAND DEVELOPMENT (CONTROL) ACT, 1968.

2. In this Act—

"Authority" means the Authority established under section 3 of this Act;

(4) Any four members of the Authority including the Chairman shall form a quorum.

(5) Subject to the foregoing provisions of this section, the Authority shall have the power to regulate its own proceedings.

(6) In the case of an equality of votes on a question at a meeting the Chairman of the meeting shall have a second or casting vote in respect of that question.

(7) The validity of any proceeding of the Authority shall not be affected by any vacancy in its membership or by any defect in the appointment of any of its members.

6. An application to the Authority for permission to develop land shall be in triplicate in the form set out in the Second Schedule to this Act and shall be accompanied by such maps and plans as may be necessary or as may be required by the Authority:

Such directions may be given before or after the time allowed for appeal, and if given after an appeal is made, the appeal shall be abated.
7. Notwithstanding the provisions of section 6 the classes of development listed in the First Schedule are permitted and may be undertaken without the permission of the Authority, but such development shall be subject to any condition or restrictions imposed under any Order or Regulation made under section 21.

8. An application may be made for approval in principle before a developer embarks on detailed plans.

9.—(1) The Authority may, after consideration of the application, grant permission with or without conditions or may refuse permission to develop the land in question or any part thereof.

10. If the Authority after due consideration of the application and of the plans, if any, refuses permission to the applicant to develop any land, it shall at the same time give the applicant in writing reasons for so refusing.

11.—(1) Upon refusal of the Authority to grant permission for the development of any land the applicant may within thirty days after such refusal has been received by him appeal against such refusal to the Minister, setting out the grounds upon which the appeal is made.

   (2) Every appeal to the Minister under subsection (1) of this section shall be referred by the Minister to an appeals tribunal consisting of three persons to be appointed from a panel approved by the Minister. The tribunal shall be under the chairmanship of a legally qualified person.

   (3) The recommendations of the tribunal on any appeal referred to it shall be conveyed to the Minister in writing, and the Minister shall determine the appeal in accordance with the recommendations of the tribunal and shall convey his decision to the applicant. The Minister's decision on any appeal shall be final.
12. Unless the Authority gives its decision on an application within a period of three months from the date of receipt of the application or such extended period as may be agreed upon in writing between an applicant and the Authority, the application will be deemed to have been refused, and the right of appeal under section 11 will arise.

13.—(1) For the purpose of enabling development to be carried out in accordance with a permission granted under this Act, or a direction given by the Cabinet, any conditions or regulations contained in any other law which would conflict with the conditions attached to planning permission shall not apply.

(2) For the purpose of enabling development to be carried out in accordance with a planning permission or a development plan in course of preparation, the provision of the Land Acquisition Ordinance shall apply as though the acquisition of land was required for a public purpose. 14.—(1) Whenever any plans have been submitted to the Authority on an application for permission to develop any land, and such permission has been granted the development in question shall be carried out in accordance with the said plans, and any conditions imposed by the Authority.

(2) If before or during the course of any development of land the developer finds that it is impracticable or uneconomic to carry out the said development in conformity with the plans as approved by the Authority he may apply to the Authority for permission to amend the plans accordingly and the Authority may grant or refuse permission for such amendment or may require the plans to the developer for further amendment.
(3) If the Authority refuses permission to develop land in accordance with the amended plans as in sub-section (2) of this section provided, it shall at the time of such refusal give to the applicant in writing its reasons for so refusing in which case the provisions of section 11 of this Act, shall apply as in the case of an original application to the Authority.

15. In the event of development not having, in the opinion of the Authority, been substantially commenced within a period of twelve months from the date of granting permission, the permission shall lapse, and the applicant shall be notified accordingly in writing.

18. No advertisement whether attached to a building or a hoarding shall be displayed except with the written permission of the Authority.

19.—(1) Any person who commences or carries out any land development in the State without the written permission of the Authority so to do, or carries out any such development otherwise than in accordance with any plans submitted or re-submitted to and approved by the Authority shall be guilty of an offence against this Act.
(2) Any person who fails to comply with the conditions given in writing in the permission granted by the Authority, shall be guilty of an offence against this Act.

(3) Any person guilty of an offence against this Act shall be liable on summary conviction therefore to a fine not exceeding two thousand dollars, and, in case of a continuing offence, to a further penalty of five dollars for each day during which the offence continues.

(4) If any person is charged with the offence of carrying out any development otherwise than in accordance with any plans submitted to and approved by the Authority such person shall not be convicted thereof if he proves to the satisfaction of the Court that the development has been or is being carried out in a manner which is at least ninety per centum in conformity with such plans as aforesaid, but may be required to make the development conform to the plans as originally approved by the Authority.

20.
