

ELAW

Environmental Law Alliance Worldwide

Environmental Heroes Come to Eugene

The world's leading grassroots advocates are traveling to Eugene to work with the Environmental Law Alliance Worldwide (ELAW) to chart a greener future. They will collaborate across borders to help communities around the

globe speak out for clean air, clean water, and a healthy planet.

ELAW is hosting visitors from more than 40 countries for the 2019 ELAW Annual International Meeting and side events (February 24 – 28) followed by the Public Interest Environmental Law Conference (February 28 - March 3, www.pielc.org).

Learn more about these inspired overseas partners and the ELAW team in the following profiles.

WALLACE GLOBAL FUND

All over the world, people are calling for a greener future. People want to breathe clean air and drink clean water. They want to protect our global climate. They want their children to enjoy a clean, healthy, natural environment.

ELAW connects people across borders and helps people around the world speak with strong voices and win victories for the environment. ELAW gives local lawyers the legal and scientific tools they need to:

1. Prevent pollution and challenge environmental abuses
2. Protect our global climate
3. Strengthen and enforce laws protecting the environment
4. Help citizens speak out for communities and the environment

At ELAW, we believe that grassroots attorneys working in their home countries are key to building a sustainable future. That's why we always work with committed local partners.

Advocates around the world know they can call on us for the help they need. Every year, citizen lawyers call on us for help with hundreds of efforts to protect communities and the environment. By empowering grassroots lawyers, we help win victories and build a worldwide corps of strong advocates for the environment.

We all share a single planet, and we must build bridges across borders. At ELAW, we are proud to work with courageous advocates all over the world. We are thrilled to welcome these advocates to Eugene, where we will learn from them, they will inspire us, and we will work together to craft a greener future.

Be part of the solution. Donate to ELAW! www.elaw.org/give

The Environmental Law Alliance Worldwide thanks the local businesses, organizations, and individuals who have contributed to our efforts this year and made our 2019 ELAW Annual International Meeting possible. Special thanks to Paul Engelmeyer, with the Audubon Society of Portland, for organizing our Oregon Coast field trip, and to the University of Oregon's American English Institute for providing Director's Distinction Scholarships to dozens of partners around the world to improve their English. Finally, thanks to ELAW volunteer Kabanjali Amatya for her help producing this publication.
