The Future of Renewables and Ending the Coal Menace

A Global Community Conversation

WITH
Laura Haiselova and
Dr. Mark Chernaik

Tuesday, June 25, 2019 | 6 - 7:30 pm
Civic Winery | 50 E. 11th Ave., Eugene

Join ELAW Fellow **Laura Haiselova** and ELAW Staff Scientist **Dr. Mark Chernaik** to learn about market trends, game-changing technologies, and how Europe is moving beyond coal.

Laura is a Czech attorney on the Responsible Energy team at ELAW's partner organization, Frank Bold, based in Brno. Laura is active in the Europe Beyond Coal campaign and is working to clean up some of Europe's most polluting coal-fired power plants.

Mark has worked for decades to hold polluters accountable and protect the climate. He has analyzed hundreds of environmental impact assessments for proposed energy projects around the world and helped win many victories for the climate.
